SUMMARY

I am a talented and highly motivated front-end web developer with a demonstrated history of working well in teams to attain noteworthy goals and successfully complete projects. I have a passion for developing dynamic and engaging digital experiences, and I'm eager to apply my knowledge and energy to new chances in the industry. I have built aesthetically pleasing and responsive websites using HTML, CSS, JavaScript, and Bootstrap throughout my career. I have utilized my abilities to support numerous projects.

EXPERIENCE

Front End Developer, *Road to Code*
December 2022 – June 2023
- ❖ Developed visually appealing and responsive user interfaces using HTML, CSS, and JavaScript, ensuring compatibility across different browsers and devices.
- ❖ Collaborated with designers and back-end developers to implement and integrate front-end components into the overall web application or website.
- ❖ Optimized web pages for performance and speed, implementing best practices for efficient loading and rendering of content.

EDUCATION

Bachelor of Engineering, **Priyadarshini J.L. College of Engineering**
Aug 2018 – Jun 2022
CGPA – 8.28 (82%)

Higher Secondary School Education, **St. Paul Junior College**
Aug 2016 – Jun 2018
CGPA – 6.52 (60%)

PROJECTS

Movie-Mate   **May-2022**
- ❖ This Website is Built with React JS, Node JS, HTML, CSS, JavaScript, and Bootstrap.
